3.2 Matters arising
S Perry asked why the Bishops Drive request had been formally dropped – As it was never a request for DYL. R Blaney confirmed it had been agreed to investigate putting a foot path Bishops Drive side. SP Agreed he would pursue an alternative solution due being too narrow for pavement.

PH24/03/004 **Opportunity to hear questions or statements from members of the public.**

Standing orders were suspended to hear comments from members of the public.

Several residents raised their concerns against the planning application for the Vineries, these were related to Flooding, Hedgerows & ecology, Design and layout and highways. It was very apparent that the outline planning permission granted has been significantly changed in the reserve matters application. They request STC make a clear and detailed statement for the reasons for objections to NSDC and in particular mentioning the plots 33 and 37.

A resident spoke of their concerns regarding proposed “retrospective” changing of use permission for a potentially dangerous dog exercise field and associated events to be held there.

Concerns were drawn to attention by Landowners as to the updated NP and the P&H July and October 2023 Minutes have not been published. Also concern raised that the landowners had not had any formal correspondence back for any of the emails sent to STC. AB agreed to look into this.
